

We are advisory who helps to scale, redefine and sculpt businesses to maximise productivity and outputs.

In the build-up or aftermath of an unexpected event business can suffer. We can create a roadmap to help you to plan for risks, market fluctuations and guide you through the process of recovery.

Taking a holistic viewpoint of your position we will look at things like

- People, their Skills and Alignment
- Positioning and your USP
- Products and Service uptake
- Diversification
- Target Markets and Research
- Financials and Budgets
- Processes and Operations
- Sales Targets
- Marketing Strategy & Execution
- Metrics

Shifting mindset to change thinking so you are comfortable trying new ways to grow your business is my core focus."

- Angie

The process

1. Initial Meeting – are we a good fit?
2. Discovery Session – what problems do you need to solve? We use a deep dive swot process to work out where the constraints are
3. Development of Roadmap – which direction do you want to go in and how will you get there? The SWOT guides us to what needs to be fixed or promoted
4. Mentoring and Guidance through implementation process – we will keep you accountable and on track

We are a lighthouse in the times when you face challenges
