

EXPRESSION OF INTEREST - MENTORING PROGRAM

Unpacking Business

Foundation Level- Cost \$999+GST

Nothing that stands the test of time is built without good foundations. This is why unpacking You and your business is the very first step in our process.

We will unpack:

- | | |
|--------------------|-------------------------------|
| • You | Your Company |
| • Your Vision | Company Vision |
| • Your Values | Company Values |
| • Your Why | Company Why |
| • Your Mistakes | Company Mistakes |
| • Your Purpose | Company Purpose |
| • Your Passion | Company Passion and Culture |
| • Your Perceptions | Company Brand |
| • Your People | Team Building and Performance |
| • Your Processes | Processes and potential gaps |

As you emerge from your foundation process you will have identified your reasons for getting out of bed in the morning, why you are doing what you do and we will have identified your values, passion and purpose. We will also have delved into what you want the perception of your business to be, your people and their capabilities and your current processes. We will also align those against the same questions but from a whole business perspective.

With this critical information, we have the bones to build and shift your business from where it is, to a more efficient version that you enjoy running, your team buy into and you all get a sense of fulfilment from being part of.

The discovery section takes a full day with the key stakeholders in the business in person.

Please note that and plans, existing business documents that relate to the above and a set of Financial Statements will need to be issued prior to the 1st meeting.

Then it will take two weeks to work on the report and recommendations to start the next process – selecting what to take on the rest of your journey and building a roadmap to get there.

YOU THEN HAVE THE OPTION TO ENTER LEVEL 2 - Planning phase which is a three month process and is costed out on a case by case basis depending on scope
